SAFETY DATA SHEET

Section 1: Chemical Product and Company Identification

PRODUCT NAME: Everbrite EZ-Prep Concentrate
IDENTIFICATION NUMBER: EZP-168
PRODUCT USE/CLASS: Cleaner

SUPPLIER:
Everbrite, Inc.
11492 Sunrise Gold Circle
Rancho Cordova, CA 95742
+1-916-852-0200 (8:00am-5:00pm PST)

CHEMTREC 24HR EMERGENCY TELEPHONE
+1-800-424-9300 (USA/Canada)

Section 2: Hazards Identification

Classification of the substance or mixture: Not a hazardous substance or mixture.

GHS Label elements, including precautionary statements: Not a hazardous substance or mixture.

Hazard classification: Not classified as hazardous based on IATA, IMDG, or DOT.

Fire and explosion: Not considered flammable or combustible.

Potential health effects: <1 % of mixture consists of ingredients of unknown acute toxicity

Appearance: Clear liquid

NFPA Rating:

Hazardous Material Information System III (U.S.A.):

HMIS Category | HMIS Rating:
--- | ---

Health * 0
Flammability 0
Physical hazards 0
Personal Protective Equipment A

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS® ratings are not required on SDSs under 29 CFR 1910.1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program.

*If health rating is mark with *, it is a chronic health hazard

LEGEND: N.A. - Not Applicable, N.E. - Not Established, N.D. - Not Determined

Section 4: First Aid Measures

**Description of First Aid Measures**

**Inhalation**: If not breathing, give artificial respiration.

**Skin Contact**: No data available

**Eye Contact**: No data available

**Ingestion**: No data available

**Most important symptoms and effects, both acute and delayed**

Symptoms: The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11. Further important symptoms and effects are so far not known.

**Indication of any immediate medical attention and special treatment needed**: no data available.

Section 5: Fire-fighting Measures

**Extinguishing media**: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Special hazards arising from the substance or mixture**: No data available

**Advice for fire-fighters**: No data available

**Further information**: The product itself does not burn.

Section 6: Accidental Release Measures

**Further accidental release measures**: Risk of slipping due to leakage/spillage of product.

**Personal precautions, protective equipment and emergency procedures**

Use personal protective clothing. Information regarding personal protective measures see, section 8.

**Personal precautions, protective equipment, and emergency procedures**

No data available

**Environmental precautions**: Do not discharge into drains/surface waters/groundwater.

**Methods and materials for containment and cleaning up**

Wipe up with absorbent material (e.g. cloth, fleece, sawdust, general purpose binder). Dispose of absorbed material in accordance with regulations.
Section 7: Handling and Storage

Precautions for safe handling
No special measures necessary provided product is used correctly.
Protection against fire and explosion: No special precautions necessary. The product itself does not burn.

Conditions for safe storage, including any incompatibilities
No special storage conditions required.
Storage stability: Stable

Section 8: Exposure Controls/Personal Protection

Contains no substances with occupational exposure limits values.

Advice on system design: Ensure adequate ventilation.

Personal protective equipment

Respiratory protection: Contains no substances with occupational exposure limit values.

Hand protection: Handle in accordance with good industrial hygiene and safety practice.

Eye protection: Handle in accordance with good industrial hygiene and safety practice.

Body protection: Handle in accordance with good industrial hygiene and safety practice

General safety and hygiene measures: Handle in accordance with good industrial hygiene and safety practice.

Section 9: Physical and Chemical Properties

Form: liquid
Odor: soap-like, characteristic
Odor threshold: not determined
Color: clear
pH value: 9.0 - 11.0 (20 °C)
Freezing point: 0.0° C (32.0° F)
Boiling point: 100° C (212° F)
Flash point: N/A
Flammability: No data available
Lower explosion limit: No data available.
Upper explosion limit: not applicable
Autoignition: not determined
Vapor pressure: not determined
Relative density: 1.006 g/cm³ at 20°C (68°F.)
Vapor density: No data available
Partitioning coefficient n-octanol/water (log Pow): No data available
Self-ignition temperature: not self-igniting
Thermal decomposition: No decomposition if stored and handled as prescribed/indicated.
Viscosity, dynamic: not determined
Particle size: The substance / product is marketed or used in a non-solid or granular form.
Solubility in water: Completely miscible
Solubility (qualitative): soluble
solvent(s): distilled water,
Evaporation rate: not determined
Other Information: If necessary, information on other physical and chemical parameters is indicated in this section.
Section 10: Stability and Reactivity

Reactivity
No hazardous reactions if stored and handled as prescribed/indicated.

Oxidizing properties: Not fire-propagating

Chemical stability
The product is stable if stored and handled as prescribed/indicated.

Possibility of hazardous reactions
No hazardous reactions when stored and handled according to instructions.
The product is chemically stable.

Conditions to avoid
See SDS section 7 - Handling and storage.

Incompatible materials
Acids, Alkalines, caustics, halogens, reactive chemicals

Hazardous decomposition products
Decomposition products: No decomposition if stored and handled as prescribed/indicated.
Thermal decomposition: No decomposition if stored and handled as prescribed/indicated.

Section 11: Toxicological Information

Primary routes of exposure
Routes of entry for solids and liquids are ingestion and inhalation but may include eye or skin contact. Routes of entry for gases include inhalation and eye contact. Skin contact may be a route of entry for liquefied gases.

Acute Toxicity/Effects
Acute toxicity
No data available
Inhalation: no data available
Dermal: no data available
Skin corrosion/irritation: no data available
Serious eye damage/eye irritation: no data available
Respiratory or skin sensitization: no data available
Germ cell mutagenicity: no data available

Chronic Toxicity/Effects
Other Information
The product has not been tested. The statement has been derived from substances/products of a similar structure or composition.

Symptoms of Exposure
The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11., Further important symptoms and effects are so far not known.

Reproductive toxicity: no data available
Specific target organ toxicity – single exposure: no data available
Specific target organ toxicity – repeated exposure: no data available

Chronic Toxicity/Effects
Other Information
The product has not been tested. The statement has been derived from substances/products of a similar structure or composition.
Symptoms of Exposure
The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11. Further important symptoms and effects are so far not known.

Section 12: Ecological Information

Toxicity
Toxicity to fish
LC50 > 1 - 10 mg/l
The product has not been tested. The statement has been derived from the properties of the individual components.

Microorganisms/Effect on activated sludge
Toxicity to microorganisms
EC0: > 100 mg/l

Persistence and degradability
Elimination information
99.8 % CO2 formation relative to the theoretical value (28 d) (OECD 301B; ISO 9439; 92/69/EEC, C.4-C)

Bio-accumulative potential
Assessment bioaccumulation potential
The product has not been tested. The statement has been derived from the properties of the individual components.

Mobility in soil
Assessment transport between environmental compartments
The substance will not evaporate into the atmosphere from the water surface.
Adsorption to solid soil phase is possible.
The product has not been tested. The statement has been derived from the properties of the individual components.

Additional information
Additional remarks environmental, fate & pathway:
Treatment in biological waste water treatment plants must be performed according to local and administrative regulations.

Section 13: Disposal Considerations

Waste disposal of substance: Dispose of in accordance with national, state and local regulations. It is the waste generator's responsibility to determine if a particular waste is hazardous under RCRA.
Container disposal: Dispose of in accordance with national, state and local regulations.

Section 14: Transport Information

DOT TRANSPORT: Not Regulated
ADR = International Carriage of Dangerous Goods by Road Not Regulated
RAIL TRANSPORT: Not Regulated
SEA TRANSPORT: IMDG Not Regulated
AIR TRANSPORT: IATA/ICAO Not Regulated

Section 15: Regulatory Information

TOXIC SUBSTANCE CONTROL ACT (TSCA) STATUS:
This product follows rules, regulations, and orders of TSCA. All components are either listed on a federal chemical inventory or are considered exempt.
SUPERFUND AMENDMENTS AND REAUTHORIZATION ACT OF 1986 (SARA) TITLE III SECTION 313
SUPPLIER NOTIFICATION:
This regulation requires submission of annual reports of toxic chemical(s) that appear in section 313 of the Emergency Planning and Community Right To Know Act of 1986 and 40 CFR 372. This information must be included in all SDS’s that are copied and distributed for the material.
The Section 313 toxic chemicals contained in this product are: None

CALIFORNIA PROPOSITION 65:
This regulation requires a warning for California Proposition 65 chemical(s) under the statute.
The California proposition 65 chemical(s) contained in this product are: None

STATE RIGHT-TO-KNOW TOXIC SUBSTANCE OR HAZARDOUS SUBSTANCE LIST:
Massachusetts’s hazardous substance(s): None
Pennsylvania hazardous substance code(s): None
New Jersey Substance code(s): None

CANADA:
WHMIS-2015: This SDS is in compliance with WHMIS 2015 (HPR / new HPA).

Section 16: Other Information

Initial issue date: November 6, 2018
Final revision date: February 26, 2020
Version Number: 1.1
Revision explanation: Revised to correct minor typing errors.
Information Sources: OSHA 29CFR 1910.1200

*Disclaimer:* Everbrite, Inc. assumes no legal responsibility for use of or reliance upon the information in this SDS and such information shall in no case be considered a part of our terms and conditions of sale. The user is responsible for determining whether the Everbrite Coatings product is suitable for user’s method of use or application. Everbrite, Inc. is not liable for any failure to observe the precautionary measures described in this SDS. Disclaimer: This document is generated to distribute health, safety and environmental data. It is not a specification sheet and none of the displayed data should be construed as a specification. Information on this SDS sheet was obtained from sources which we believe are reliable, and we believe that the information is complete and accurate. However, the information is provided without any warranty, express or implied, regarding its correctness. Some of the information presented and conclusions drawn are from sources other than direct test data of the substance. The conditions or methods of handling, storage, use and disposal of the product are beyond our control and may also be beyond our knowledge. It is the user’s responsibility to determine the suitability of any material for a specific purpose and to adopt such safety precautions as may be necessary. If the product is used as a component in another product, this SDS information may not be applicable. For these reasons, we do not assume any responsibility and expressly disclaim liability for any loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of this product.
