1. Chemical Product / Company Identification
Product Name: Everbrite Coating Aerosol
Supplier: Everbrite, Inc.
4600 Kietzke Ln # N254
Reno, NV 89502
Telephone: 916-852-0200
Chemtrec 24 hr. Emergency Phone: 800-424-9300

2. Hazardous Components
Common Chemical Name:
METHYL ACETATE 79-20-9 170 68 41
ACGIH TLV: 200 ppm OSHA PEL: 200 ppm Other: 250 ppm STEL
PROPYLENE GLYCOL MONOMETHYL ETHER ACETAT 108-65-6 4 68 19
ACGIH TLV: Not Est. OSHA PEL: Not Est. Other: 100 ppm
PROPANE 74-98-6 3619 70 14
ACGIH TLV: 1000 ppm OSHA PEL: 2500 ppm Other: Asphyxiant
1-CHLORO-4-(TRIFLUOROMETHYL)-BENZENE 98-56-6 5.3 68 11
ACGIH TLV: Not Est. OSHA PEL: Not Est.
N-BUTANE 106-97-8 7
ACGIH TLV: 1000 ppm OSHA PEL: Not Est Other: 1900 mg/m3
ISOBUTANE 75-28-5 4
ACGIH TLV: 1000 ppm OSHA PEL: Not Est. Other: 800 ppm Asphyxiant

3. Hazards Identification
Most Important Hazards
Skin irritation, Respiratory irritation, dizziness, nausea, loss of consciousness.

Specific Hazards
None

HIMS Rating
Health 2
Fire 4
Reactivity 2

4. Emergency and First Aid Procedures

Routes of Exposure

Inhalation: Move victim to fresh air, rest and keep warm. Apply artificial respiration if breathing has stopped or oxygen if breathing is irregular. Get immediate medical attention.

Skin Contact: Remove contaminated clothing. Wash affected areas well with soap & water. If irritation persists, get medical attention.

Eye Contact: Hold eyelid open and flush with water for at least 15 minutes. Get medical attention if irritation persists.

Ingestion: Do not induce vomiting. If victim vomits, turn into recovery position. Vomiting can cause chemical pneumonia. Get immediate medical attention.

5. Fire Fighting Procedures

Extinguishing Media: Alcohol foam, dry chemical powder, carbon dioxide. Water may be ineffective on fire.

Specific Hazard: Vapor is heavier than air and can travel a considerable distance to a source of ignition and flashback.

Specific Methods: Keep away from heat, flame and sparks. Keep containers closed. Cool exposed containers with water. Use water to knock down vapor.

6. Accidental Release Measures

Personal Precautions: Extinguish any naked flames or source of ignition. Evacuate personnel from area. Avoid inhalation of vapors.

Environmental: Prevent contamination of ground water and drains. Inform authorities if this occurred.

Disposal Procedures: Cover area with sand or absorbent material to absorb spilled material and sweep up. Use water spray to knock down vapor. Contaminated sand and water should be disposed of according to section 13.
7. Handling and Storage
Precautions for Safety
Ensure good ventilation. Take precautions against static discharge.

Technical Measures
Store in accordance with all national, regional and local regulations pertaining to the storage, handling, dispensing, and disposal of combustible liquids. No smoking. Naked flames, hot elements or other ignition sources must not be present.

Storage Conditions
Store in tightly closed clearly labeled containers in cool well-ventilated area.

KEEP OUT OF REACH OF CHILDREN.
PRECAUTIONS TO BE TAKEN IN HANDLING AND STORING: Keep liquid spray & vapors away from heat, sparks & flame. Turn off or remove all sources of ignition. Use proper methods of ventilation to prevent vapor build-up. Avoid spraying hot surfaces. Avoid breathing vapors, spray mists & sanding or grinding dusts. Avoid contact with eyes & skin. Do not take internally. Use adequate methods of ventilation, respiratory & personal protective equipment. Do not reuse, weld, drill or heat empty containers which may contain explosive vapors. Follow label warnings until thoroughly cleaned or sent for disposal. Do not heat, puncture or incinerate containers. Contents are under pressure & may contain explosive vapors, even when empty. Do not remove or deface label.

OTHER CAUTIONS:
Contents under pressure. Do not store above 120 deg. F (50 deg. C) or permit prolonged exposure to sunlight. Protect containers from damage. Store in buildings or areas designed and protected for storage of aerosols.

8. Exposure Controls and Personal Protection
Engineering Measures
Ensure good ventilation. No vessel should be entered until it is gas-free. Workman outside should keep workmen inside the vessel under observation.

Respiratory
Use NIOSH approved respirator if spraying.

Gloves
Nitrile, PVC, Neoprene

Eyes
Safety glasses with splash shields or face shield

Other Measures
Protective apron, long sleeves, chemical resistant boots.

9. Physical and Chemical Properties
Appearance
Colorless liquid

Odor
Solvent

Boiling Point
350°F - 373°F

Flash Point
-216 Deg F

Vapor Density
> Air

Solubility in Water
Appreciable

V.O.C.
5.29 lb/gl 635 g/l (less water and exempt solvents) 3.00 lb/gl 360 g/l (Emitted VOC)

Explosive Limits
UEL-8.5 LEL-0.5

10. Stability and Reactivity

Stability
Stable

Conditions to Avoid
High temperatures & ignition sources & vapor build-up

Materials to Avoid
Strong Oxidizing agents.

Hazardous Decomposition
byproducts: Carbon Monoxide, Carbon Dioxide, Chlorine Containing Gases Flourine containing Gases.

11. Toxicological Information
Eye Contact
Liquid, aerosols and vapors are irritating, can cause pain, tearing, reddening.

Skin Contact
Prolonged or repeated contact can result in defatting & drying of the skin.

Inhalation
Prolonged inhalation may be harmful. Headaches, dizziness, nausea may result from over-exposure.

Ingestion
Harmful or fatal if swallowed.

12. Ecological Information
Mobility
Data not Available

Biodegradability
Data not Available

Bioaccumulation
Data not Available

Ecotoxicity
Moderately Toxic

13. Disposal Procedures
Disposal should be in accordance with local, regional or national regulations. Contaminated waste and packaging should be destroyed by incineration at an approved incinerator. If recovery of contaminated product is not possible, it should be destroyed by incineration.

14. Transportation Information
Shipping Name
Consumer Commodity-ORM-D

Hazard Class
Not applicable

Identification Number
Not applicable

Packing Group
Not applicable

Labels Required: In a box: “ORM-D” most people use the full shipping name Consumer Commodity-ORM-D with just the ‘ORM-D” in the box.

15. Regulatory Information
RCRA
Not Reportable

CERCLA
Not Reportable

SARA 311/312
Not Reportable

SARA 313
Not Reportable

The information contained in this MATERIAL SAFETY DATA SHEET is provided pursuant to 29CFR 1910.1200 to convey information concerning the hazardous nature of the named product. The information supplied was compiled from the most reliable sources available at the time of preparation and in light of the most reasonable foreseeable exposure situations expected from the intended use of this product. The material(s) may present greater or lesser hazard exposure under other circumstances that are beyond the control of the manufacturer. Therefore it is imperative that all directions and warnings on the product label be read and closely followed.
