1. Head Space Gas Chromatography
2. Methods - ASTM

1. Chemical Product / Company Identification
Product Name: EVERBRITE Protective Coating
Supplier: Everbrite, Inc.
4600 Kietzke Ln # N254
Reno, NV 89502
Telephone: 916-852-0200
Emergency Phone: 800-424-9300

2. Hazardous Components
Common Chemical Name: PCBTF
TLV = 25PPM8HRTWA

3. Hazards Identification
Most Important Hazards: Skin irritation, Respiratory irritation, dizziness, nausea, loss of consciousness.
Specific Hazards: None
HIMS Rating
Health: 2
Fire: 2
Reactivity: 0

Pennsylvania Right to Know: The following non-hazardous ingredients are present in the product greater than 3% - NONE

California Proposition 65: None Known

4. Emergency and First Aid Procedures
Routes of Exposure
Emergency Procedures
Inhalation: Move victim to fresh air, rest and keep warm. Apply artificial respiration if breathing has stopped or oxygen if breathing is irregular. Get immediate medical attention.
Skin Contact: Remove contaminated clothing. Wash affected areas well with soap & water. If irritation persists, get medical attention.
Eye Contact: Hold eyelid open and flush with water for at least 15 minutes. Get medical attention if irritation persists.
Ingestion: Do not induce vomiting. If victim vomits, turn into recovery position. Vomiting can cause chemical pneumonia. Get immediate medical attention.

5. Fire Fighting Procedures
Extinguishing Media: Alcohol foam, dry chemical powder, carbon dioxide. Water may be ineffective on fire.
Specific Hazard: Vapor is heavier than air and can travel a considerable distance to a source of ignition and flashback.
Specific Methods: Keep away from heat, flame and sparks. Keep containers closed. Cool exposed containers with water. Use water to knock down vapor.

6. Accidental Release Measures
Personal Precautions: Extinguish any naked flames or source of ignition. Evacuate personnel from area. Avoid inhalation of vapors.
Environmental: Prevent contamination of ground water and drains. Inform authorities if this occurred.
Disposal Procedures: Cover area with sand or absorbent material to absorb spilled material and sweep up. Use water spray to knock down vapor. Contaminated sand and water should be disposed of according to section 13.
7. Handling and Storage
Precautions for Safety Ensure good ventilation. Take precautions against static discharge.
Technical Measures Store in accordance with all national, regional and local regulations pertaining to the storage, handling, dispensing, and disposal of combustible liquids. No smoking. Naked flames, hot elements or other ignition sources must not be present.
Storage Conditions Store in tightly closed clearly labeled containers in cool well-ventilated area.
Incompatible Materials Strong oxidizing agents.
Packaging Material Store in mild steel vessels.

8. Exposure Controls and Personal Protection
Engineering Measures Ensure good ventilation. No vessel should be entered until it is gas-free. Workman outside should keep workmen inside the vessel under observation.
Respiratory Not generally required. Use NIOSH approved respirator if spraying.
Gloves Nitrile, PVC
Eyes Safety glasses with splash shields or face shield
Other Measures Protective apron, long sleeves, chemical resistant boots.

9. Physical and Chemical Properties
Appearance Colorless liquid
Odor Aromatic
Melting Point <60°C
Boiling Point 182°C
Flash Point 107°F TCC
Vapor Pressure 5 mm Hg 40°C
Vapor Density >Air
Solubility in Water insoluble
V.O.C. 48 g/L
Explosive Limits UEL-10.5 LEL-0.9

10. Stability and Reactivity
Stability Stable
Conditions to Avoid High temperatures & ignition sources
Materials to Avoid Strong Oxidizers
Hazardous Decomposition Carbon oxides formed when burned.

Eye Contact Liquid, aerosols and vapors are irritating, can cause pain, tearing, reddening.
Skin Contact Prolonged or repeated contact can result in defatting & drying of the skin.
Inhalation Prolonged inhalation may be harmful. Headaches, dizziness, nausea may result from over-exposure.
Ingestion Harmful or fatal if swallowed.
Dermal LD₅₀ >2000
Oral LD₅₀ >2000
Chronic Toxicity No significant neurotoxic, blood, kidney or other effects.
Carcinogenicity Suspected (NTP & ACGIH)
Mutagenicity Data not Available
Teratogenicity Negative

12. Ecological Information
Mobility Data not Available
Biodegradability Data not Available
Bioaccumulation Data not Available

13. Disposal Procedures
Disposal should be in accordance with local, regional or national regulations. Contaminated waste and packaging should be destroyed by incineration at an approved incinerator. If recovery of contaminated product is not possible, it should be destroyed by incineration.

14. Transportation Information
Shipping Name Combustible Liquid, n.o.s.
Hazard Class Combustible
Identification Number NA 1993
Packing Group III
Label Drum None
Placard Non-Bulk Combustible (>1000lbs.)
Placard Bulk NA 1993
Shipping Description Combustible Liquid, n.o.s. (Petroleum Hydrocarbon), NA 1993, PG III

15. Regulatory Information
RCRA Not Reportable
CERCLA Not Reportable
SARA 311/312 Not Reportable
SARA 313 Not Reportable

The information contained in this MATERIAL SAFETY DATA SHEET is provided pursuant to 29CFR 1910.1200 to convey information concerning the hazardous nature of the named product. The information supplied was compiled from the most reliable sources available at the time of preparation and in light of the most reasonable foreseeable exposure situations expected from the intended use of this product. The matter(s) may present greater or lesser hazard exposure under other circumstances that are beyond the control of the manufacturer. Therefore it is imperative that all directions and warnings on the product label be read and closely followed.
